## Two Senators Charge Politics In Stock Inquiry

Attacks Exchanged By Sen. Fulbright And Sen. Capehart

By United Press  
Two principals in the Senate's investigation of the stock market boom accused each other today of playing politics with the inquiry and ruining its effectiveness.

The charges were exchanged by Sen. J. William Fulbright (D-Ark.), who sponsored the investigation and is chairman of the committee conducting it, and Sen. Homer E. Capehart (R-Ind.), the inquiry's severest critic.

Capehart said he does not believe the two weeks of hearings thus far have accomplished "any good at all." He said Fulbright and other Democrats on the committee seem to have made the hearings "part of a plan to discredit the administration and destroy confidence in the economy of the country."

Fulbright countered that the administration has not cooperated with the study and that Capehart and other GOP leaders have made partisan attacks against it. The attacks, he said, will make bipartisan agreement on new safeguards against another market crash "futile."

Other congressional news:  
Campbell: The Senate confirmed the President's nomination of Joseph Campbell to be comptroller general. The approval came by voice vote despite some Democratic protests that Campbell lacks necessary legal and legislative experience for the job.

Civil Defense: The President asked Congress for an emergency 12 million dollar appropriation to speed up Civil Defense planning. He said the money is needed urgently so the government can work out ways of dealing with fallout of radioactive particles resulting from an atomic bomb attack.

Post Office: The Justice Department notified the Senate that a "mail cover" placed on Sen. Joseph R. McCarthy's mail in 1952 by Senate investigators violated no federal law. Under the mail cover, the Post Office Department kept the elections subcommittee informed about postmarks and return addresses on mail delivered to McCarthy and his aides, but the mail was not opened. Sen. Walter F. George (D-Ga.) and former Sen. Homer Ferguson (R-Mich.), who investigated McCarthy's charges about the mail cover, had denounced its use and asked the Justice Department to determine whether the practice is illegal.

Post Office: Congressional sources said the President has indicated he will veto any bill increasing the pay of postal workers more than 7.5 per cent. The President had recommended originally that the raises not exceed 6 1/2 per cent, but the House Post Office Committee boosted the amount to 7.5 per cent. Some House members plan to fight for a 10 per cent boost when the issue reaches the House floor.

Highways: Former President Truman, in a letter to Sen. Stuart Symington (D-Mo.), urged Congress to vote funds to modernize the nation's highways and streets to save lives and money and speed up traffic. He did not directly take sides on conflicting Republican and Democratic bids to boost federal spending on roads. His letter was believed to be his first public statement on pending legislation since he left the White House.

Building: The House, in a surprise action, voted two million dollars to build itself a new office building.

## Kalt Pumping At Reservoirs

The city's pumps on Middle Fork were shut down at 1:30 p. m. yesterday when the water became too hard to pump. About 79,982,000 gallons were pumped into the city reservoirs between Tuesday and yesterday. Amos Doom, water and sewer department superintendent, said to-day:

Doom said the north reservoir is full and that only one spot in the southwest corner of the south reservoir remains uncovered.

## Hardin County Phone Company Asks Permit To Increase Rates

SPRINGFIELD — Hardin County Telephone Co. today asked the Illinois Commerce Commission for authority to increase rates \$2,500 a year for its 220 subscribers at Elizabethtown and Cave-in-Rock. The increase would not apply to customers at Rosiclare.

## MINES

Sabara everything idle. Peabody 43 idle. Blue Bird 6 works. Carmac idle.

## London Papers Predict Churchill To Retire in April

LONDON — Insistent speculation swept London today that Sir Winston Churchill will retire next month as prime minister. Judging from Churchill's past habit of confounding forecasters it still was anybody's guess.

Four London newspapers headlined the report he would step down as prime minister and make way for Sir Anthony Eden before Britain's budget is presented to Parliament April 19.

These reports included an eight-column banner headline in the Daily Express, owned by Lord Beaverbrook, Churchill's intimate friend. His newspapers heretofore have shied away from the periodic, and inaccurate, rash of Churchill-to-quit stories.

An official spokesman for the 80-year-old prime minister refused either to confirm or deny the reports today. He added, however, "eventually it's bound to be true."

The Express said that according to present plans Churchill will hand over the top job to Eden the first week of April—just before the prime minister leaves for an already-announced Sicilian holiday April 6.

## Woman Says Kidnap Note Was a Joke

ST. LOUIS, Mo. — A woman who had set off a search extending to the Canadian border by writing a note saying she was being kidnapped said today it was all a joke.

Her former husband, a suspended policeman who had been sought as her kidnaper, was arrested and jailed on previous charges of assaulting a handcuffed prisoner.

The note-writer, Mrs. Robert Woodring, told police she hadn't expected anyone to find the message, written on two postcards and left in the sheets of a Middleton, Wis., motel bed Friday.

She said she loves Woodring, hopes to re-marry him, and indicated her message might have resulted from a brief quarrel.

The cards said:

"Please call police. This man is wanted in St. Louis. Help me, help. Tell police he is headed for the Canadian border. He has kidnapped me. Help, please help."

Mrs. Woodring said she, her former policeman husband, and their child returned to his home at suburban Florissant Friday night because "we knew the police were looking for us."

Woodring was immediately arrested by sheriff's deputies to face charges of aggravated assault for beating a handcuffed prisoner. He was suspended from the Ferguson, Mo., police force for the beating last week.

Mrs. Woodring said she was surprised at "the uproar" occasioned by her note.

"I never thought anyone would find it," she said.

## \$894 Collected To Date in Red Cross Drive Here

A total of \$894.50 has been collected in Harrisburg township during the current Red Cross drive for funds, it was announced today.

The quota for Harrisburg township, of which Charlie Skaggs is chairman, is \$5,700.

Chairmen who have reported their solicitations are: Business area, Bishop Hill, John McDugle; Mrs. Dale Sullivan, Tom Wolf; Mrs. Guy Patterson, Mildred Barter. Residential area, Mrs. C. E. Taylor, Mrs. Orval Dean, Mrs. Harry Farmer, Mrs. Roy Hudnell, Mrs. Louise Hetherington, Mrs. Lora Gibbs, Imogene Raymer, Mrs. James Gasaway.

Fund drive workers today were urged to complete their territories as soon as possible.

Harrisburg donations of \$5 and more:

\$70. General Telephone Co.; \$50. Singer Sewing Machine Co.; \$25. Woolworth's; \$20. Carp's, Inc.; \$10. Barter drug store, Coca-Cola Bottling Co., Harrisburg National bank, Scerrial Thompson, Kresge, Excel market, Sullivan Loan, Hart's department store, L. M. Hancock, Robertson and Ghent, Gibbons funeral home.

\$7.50. Taylor Tire Service. \$5. Harrisburg Mill and Elevator, Ford Brick and Tile, G. O. Davenport, H. O. Buell, John Lockwood, Mr. and Mrs. D. H. Hiller, Richard C. Davenport, Don Scott, Moore's filling station, W. W. Damron, Charles H. Thompson, Ronnie's studio, Progress Laundry, O. P. Tuttle, Stricklin's paint store, Durham hardware, Harrisburg Woman's club, Davenport Posh shop.

In Independence township Robert Cavender gave \$10, James Wise \$5.

CRITICIZES YALTA RELEASE — Prime Minister Sir Winston Churchill puffs on his cigar as he leaves his residence at Number Ten Downing Street on his way to the House of Commons. Churchill told Parliament that the American version of the Yalta conference contains what he calls "some serious mistakes." (NEA Telephoto)

## Joyce Blake, 4, is Fatally Burned In Byington Housing Apartment

A four-year-old Harrisburg child was fatally burned yesterday at the Byington Addition housing project.

She is Joyce Blake, daughter of Mrs. Tommie Cork, who resided in Apartment 1-C of the housing development.

The little girl died last night in an ambulance at Bellevue while en route to Children's hospital in St. Louis. Her body was returned to the Keethly funeral home here.

The accident occurred around 6:30 p. m. City policemen Pat Atkinson and John Dunn said they were called to the apartment around 7:30 p. m. The girl's mother told the officers that she had stepped next door

to see a neighbor and left Joyce in the apartment with her six-month-old baby. When she returned she found the girl on the steps, crying, all of her clothing burned off except for a strap around the waist and her hair nearly burned off.

The mother said to Atkinson and Dunn that she had left no matches in the apartment and that there was no fire burning.

The officers, after investigating, theorized that the little girl must have turned on the gas stove in the kitchen.

They said they found pieces of burned clothing in the kitchen, in the living room, on the stairs, in the upstairs bedroom and clothes closet and found a scorched place on the bedspread in the bedroom.

The girl was first rushed to Lightner hospital where it was found her condition was critical. Then she was started to the St. Louis hospital in a Harrisburg funeral home ambulance.

Besides her mother and the six-month-old half-sister, Helen Elise Cork, she is survived by a sister, Diane Blake, her father, Cecil Blake; her stepfather, Charles Cork; a grandmother, Dora Porter of Columbus, Ohio, and a great-grandmother, Cora Parchman of Harrisburg.

Funeral arrangements were incomplete.

## Believe Army 'Copter Down In E. Germany

STUTTGART, Germany — A U. S. Army helicopter missing since Thursday with two men aboard is "believed to have gone down in East Germany," a 7th Army spokesman said today.

"We have not had any official announcement from the East Zone, but because of a strong eastward wind and our failure to find any wreckage despite a wide spread search action, we are assuming it is down in East Germany," he said.

He did not identify the two occupants of the craft. He said the pilot was a member of the American Army and was carrying as a passenger a "German national who was an employee of a labor service unit."

The H13 helicopter was last seen at 2 p. m. Thursday when it left Friedberg, about 10 miles north of Frankfurt, for Fulda, 40 miles away and only 12 miles from the Iron Curtain. The spokesman said snow flurries made ground visibility difficult.

The spokesman said the helicopter had a range of about 100 miles. He reported there was a strong west wind Thursday with a force of 30 to 48 miles an hour.

The Army-Air Force search for the helicopter is continuing on this side of the border, he said. "But we do not think there is much chance they landed on this side," the spokesman said.

FOA to Buy 100,000 Tons Illinois Coal, Congressman Gray Says

Rep. Kenneth J. Gray, congressman from the 25th congressional district, states the Foreign Operations Administration is now accepting bids to buy 100,000 tons of coal from Illinois. He made the statement following a conference with FOA.

Congressman Gray states any coal operator who wishes to bid may contact his office and he will instruct them in the procedure to follow. Those who have bid before will follow the usual procedure, he states. All bids must be in by March 31.

## Ike, Mamie Stay First Night In Own Home

GETTYSBURG, Pa. — President and Mrs. Eisenhower Friday spent their first night together in their first home, a Gettysburg farmhouse they have been remodeling for months.

"It is now a private family home," presidential Press Secretary James C. Hagerty announced. Which was another way of saying "no newsmen and photographers allowed."

The house is the first the President and his wife have owned in 38 years of married life. Heretofore, they have lived in rented quarters on Army posts, in rented furnished homes while Mr. Eisenhower was president of Columbia University and head of NATO forces in Paris and lastly in the taxpayer-owned White House.

The President drove to the 189-acre farm Friday afternoon with his friend and personal physician, Brig. Gen. Howard Snyder. But Mrs. Eisenhower and her mother arrived the day previous.

Reporters and cameramen who covered the President's 85-mile drive from Washington were stopped at the gate about half a mile down a tree-lined driveway from the house.

All they could see from the public highway was that the big barn, once a faded red, has been painted the pastel grey-green the Eisenhowers decided on during an inspection trip a few weeks ago.

Hagerty had served notice in advance that the newsmen wouldn't get in. On earlier visits during the renovation period, they had been permitted to accompany Mr. Eisenhower on walks outside the house and around the barn while he inspected the remodeling progress and his small herd of Aberdeen Angus cattle.

The President planned to return to Washington this afternoon. He will be guest of honor tonight at the annual dinner of the White House News Photographers Assn.

## Lavern Buntin, 40, Eldorado, Dies En Route to Chicago

Robert Lavern Buntin, 40, who lived at 2313 Ridge street in Eldorado, died today at 1 a. m. in Danville.

He was a veteran of World War II and was employed by the county highway department.

Surviving are his parents, Mr. and Mrs. Tom Buntin of Eldorado; his wife, Elizabeth; two daughters, Roxie and Natomia, both at home; a brother, C. W. Campbell of Chicago, and a sister, Mrs. Goldie Holbrook, Detroit, Mich.

Reports were that he and his wife were traveling to Chicago to visit his brother when he became ill. They stopped at a motel in Danville and called a physician and before the doctor had arrived, Mr. Buntin had passed away.

The body is being returned to the Martin funeral home where it will lie in state. Funeral arrangements are incomplete.

## Two Coal Mine Fatalities in State During February

SPRINGFIELD, Ill. — Illinois coal mine accidents caused two deaths and 113 injuries during February, B. H. Schull, director of the state Department of Mines and Minerals, said today.

The month's casualties brought the 1955 coal mine accident totals to four fatalities and 210 injuries. Schull said one of the February deaths was caused by a rib fall in a Franklin county mine and the other by a railway accident at a Christian county mine.

With coal production totaling 4,443,691 tons for February, tons produced per fatality was 2,221,846, and tons produced per non-fatal accident was 39,325.

## Finnish Owners Advise Peiping Tanker Definitely Cannot Proceed to China

HELSINKI, Finland — The owners of the Finnish tanker Aruba notified Peiping today the vessel definitely "cannot proceed" to Red China with its cargo of jet plane fuel and that it is up to the Communists to come and get it.

The crew of the tanker rebelled earlier against running the Chinese Nationalist blockade and demanded the ship put into Colombo, Ceylon. The owners refused and ordered the captain of the Aruba to sail as far as the crew would go.

A dispatch from Colombo said the Aruba sailed past there today. Earlier reports placed it about five days' sailing time from the Nicobar Islands.

Meanwhile, the owners asked Peiping for instructions and whether the Red government would accept the oil at some neutral port. There was no reply and the owners offered to transship the cargo to another vessel at sea. Again there was no reply.

The 42-man crew then notified the company it would sail no further than the Nicobar Islands off the tip of India and at the entrance to the Straits of Malacca leading past Sumatra to Singapore.

Gunnar Damstroem, president of Re-Be Shipping Co. which owns the Aruba, said today the crew's action means delivery to Red China is impossible.

He asked the Red Chinese government what it wants done with the disputed cargo.

The only word from Peiping has been a propaganda blast broadcast by the Communist New China News Agency saying "desperate and criminal" American efforts to cripple international trade.

In Hong Kong American sources said no tanker was available to the Communists in Far Eastern waters if the Aruba decides to transship its load of kerosene from Communist Romania.

"I do not know of any Polish or other tankers out here right now which the Communists could use to get hold of the Aruba's cargo," a well-informed source said.

"Of course there are a couple over in Formosa," he said. "But there is some doubt in my mind if they would be available."

The Nationalists have two Polish and one Soviet tanker they captured while the ships were trying to run the blockade to Red China.

## Hatoyama is Re-Elected Jap Premier

TOKYO — The Japanese Diet re-elected Ichiro Hatoyama as premier today and he immediately promised a maximum effort to restore relations with Russia and Communist China.

The 72-year-old Japanese leader, in his first statement after taking office, declared "peaceful diplomacy" and "stabilization of living" were the two major objectives of his second administration.

He said he would carry onward his program of rapprochement with Japan's Communist neighbors but would seek the fullest understanding of his motives by the United States.

He said he planned to send a personal emissary to the United States "to explain why Japan is acting as it is so the United States will not become nervous."

He was unable to say when negotiations with Russia would begin. Russia has not yet answered his latest note about a meeting in New York to write an end to the technical state of war between the two countries.

Hatoyama's press conference topped by two trying days which began with an unexpected defeat at the hands of a Liberal-Socialist coalition in the vote for speaker and vice-speaker of the House of Representatives.

The two Diet chambers then re-elected the partially paralyzed Hatoyama in a midnight session which extended into this morning. Hatoyama released the roster of his new cabinet almost immediately.

Two Coal Mine Fatalities in State During February

SPRINGFIELD, Ill. — Illinois coal mine accidents caused two deaths and 113 injuries during February, B. H. Schull, director of the state Department of Mines and Minerals, said today.

The month's casualties brought the 1955 coal mine accident totals to four fatalities and 210 injuries. Schull said one of the February deaths was caused by a rib fall in a Franklin county mine and the other by a railway accident at a Christian county mine.

With coal production totaling 4,443,691 tons for February, tons produced per fatality was 2,221,846, and tons produced per non-fatal accident was 39,325.

## Raleigh Girl to Receive Recognition As Park Ridge Teacher

Miss Kathleen Hall, daughter of Mr. and Mrs. C. A. Hall of Raleigh was the teacher selected this year to receive special recognition for service to the Park Ridge schools.

It is the policy of the Board of Education to honor one teacher each year by paying all expenses to a national convention. Miss Hall will represent the school system at the annual meeting of the Association for Childhood Education, April 11-16, in Kansas City, Mo. She was nominated by the teachers on the Board of the Park Ridge Education Association, and selected by the administrators of the school district.

Besides teaching ability some of the points considered in the choice of the teacher for special recognition are desirable relationships with parents and staff members, evidence of professional growth, and active participation in educational organizations.

Park Ridge is a northwest suburb of Chicago with a staff of 176 grade school teachers. Miss Hall formerly taught at Raleigh and Pekin. She received her Bachelor of Education degree at Southern Illinois university at Carbondale and her Master of Arts in Education at Northwestern.

## Sen. Sparkman Urges Account Talks Under GOP

Asks Inside Details of Geneva, Bermuda Meetings

WASHINGTON — Sen. John J. Sparkman called on the administration today to publish full accounts of major diplomatic conferences involving the United States since the Republicans won the presidency.

The Alabama Democrat said the State Department should release inside details of such conferences as the 1954 Geneva meeting in which the Indochina truce was worked out and of the 1953 Bermuda conference.

Sparkman's comment came in the wake of the department's announcement that it will publish all documents relating to the Potsdam, Tehran, Casablanca and other historic World War II conferences between the United States and its allies.

Truman Administration Paper

The department said it also will publish official papers designed to repudiate the Truman administration's 1949 "white paper" on China which put the chief blame for the loss of China to the Communists on Generalissimo Chiang Kai-shek.

The department said the 10-volume China series is not scheduled for release before summer. It first must be submitted to Chiang's Nationalist government on Formosa and to other U. S. agencies.

The State Department earlier this week released the long-secret papers on the Yalta conference. It was at Yalta that the late President Franklin D. Roosevelt, former Russian Premier Josef Stalin and British Prime Minister Winston Churchill made tentative agreements on Europe's postwar boundaries and concessions in Asia to get Russia into the war against Japan.

## Britain Opposes Publication Of More Papers

LONDON — Britain viewed with mounting horror today the United States decision to make public the documents of the Potsdam, Tehran and Casablanca conferences.

British sources, annoyed at release of the Yalta documents this week, said it appeared the United States was ready to add insult to injury.

The British Foreign office, which unsuccessfully opposed publication of the Yalta papers, also was opposed to publication of the Potsdam, Tehran, Casablanca "and other World War II" conferences.

A Foreign office spokesman said the attitude was the same as toward the Yalta papers — that publication would be premature while some of the participants are still alive.

The Foreign office repeated its warnings that passages from documents taken out of context might convey a distorted picture of occurrences at the time of the meetings.

Prime Minister Winston Churchill is sole survivor of the Yalta and Tehran conferences. Churchill, former Prime Minister Clement Attlee and former President Harry S. Truman attended the Potsdam conference. Churchill and the late President Franklin D. Roosevelt attended the Casablanca conference.

Official sources would not comment on a second Foreign office spokesman assertion, but it seemed clear Britain was hurt by the U. S. decision to go ahead despite the obvious British attitude.

The East Berlin Radio said Friday night the Russians may make public their version of the Yalta documents "just to keep the record straight." The Communist broadcast said the United States' notes "missed several remarks by all three leaders."

## Stassen Named to Draft Proposals For Disarmament

WASHINGTON — President Eisenhower today appointed Harold Stassen as special assistant with Cabinet rank to work out policies on disarmament proposals.

He said Stassen will take over the new post immediately, but also will continue to serve as head of the Foreign Operations Administration for a while during presentation of the FOA program to Congress.

The President's statement said that Stassen in drafting disarmament proposals, will take into account the "full implications of new weapons in the possession of other nations as well as the United States."

## French Reject Soviet Charge

PARIS — The French Foreign Ministry today rejected the latest Soviet charge that West German rearmament runs counter to the Franco-Soviet mutual assistance treaty of 1944.

Russia warned in a note Friday night that French ratification of the treaties to rearm West Germany will mean cancellation of the Franco-Soviet pact and that France will be "entirely responsible."

## Run by Fire Department

The fire truck made a run at 3 p. m. yesterday to the area behind the Golish Music Co. on West Poplar street to extinguish a rubbish fire. There was no damage.

## The Weather

ILLINOIS: Mostly cloudy, occasional rain or drizzle extreme southern tonight. Warmer central and south tonight. Sunday cloudy rain or drizzle central and south portions turning colder north and central portions. Low tonight 40-47 extreme south. High Sunday upper 50s extreme south.

nomical gains when fed on corn  
alone.

## "INSURANCE-WISE"

by

BILL GHENT

As I was walking down the "Main  
Drag" in Harrisburg today one of  
my old friends who has been a long  
time customer of the Robertson-  
Ghent Insurance Agency, hailed me  
to a stop and asked what appeared  
to be a very innocent question. He  
simply wanted to know if it would  
be all right for him to have his  
household goods insured by two  
different agents in two different  
companies.

Of course I hastily assured him  
it would be perfectly all right so  
long as both agents and companies  
used the same form of policy cov-  
erage but that if there should hap-  
pen to be a nonconcurrency in the  
policy coverage he would certainly  
have trouble in the event of a loss.

Then he innocently asked me  
how many different forms of cov-  
erage could be used to insure his  
household goods. That's when I  
first realized I was in trouble for  
it just then occurred to me that  
during the past year there have  
been developed so many different  
forms by so many different com-  
panies that the adjusters are now  
forced to carry sample forms with  
them in order to properly adjust  
a loss.

Well, to make a long story short  
I counted up to eleven different  
forms any two of which two dif-  
ferent agents might use and which  
would cause trouble at time of loss  
adjustment because of being non-  
concurrent as to coverage.

We then concluded that a smart  
insurance buyer would buy all his  
household goods insurance from  
one agent and insist that agent be  
a responsible one in the event of  
an error or omission in the policy  
form or coverage.

"Havraise II" at the annual Farm Show in Paris. The cow got the  
trophy, presented by France's President Rene Coty, for winning con-  
tests for quantity and quality of milk.

## This Week at Dixon Springs Station

(A round-up of the week's  
work, activities, and observa-  
tions at the University of Illi-  
nois Dixon Springs Experiment  
Station near Robbs in Southern  
Illinois, prepared by the Sta-  
tion's staff.)

Southern Illinois Farmers  
Tour Station

Twenty farmers from Edwards  
county, accompanied by Farm Ad-  
viser Chuck Turner, recently tour-  
ed the Dixon Springs Experiment  
Station. The Edwards County  
group was interested in winter man-  
agement of the Station sheep and  
cattle herds. They were able to  
see the effect of various methods  
of feeding steers for market and  
a variety of beef cow wintering  
programs ranging from only pas-  
ture to a program of feeding silage  
and hay. Their greatest interest  
seemed to be in silage programs.  
They, like many other farmers in  
southern Illinois, have become par-  
ticularly conscious of the value of  
silage partly because of the effect  
of the recent drought years.

L. B. Kimmel, Saline county farm  
adviser, with a small group of in-  
terested cattle raisers from his coun-  
ty, also stopped at the Station to  
see the cattle operation. These fel-  
lows, who know their way around  
the Station, helped themselves to  
a look.

Interesting Visit with Dave Cover  
Dave Cover, a good commercial  
cattle producer from Tunnel Hill,  
Johnson county, was telling us the  
other day about his program. Dave  
has 80 calves on the ground now  
and expects about 10 more within  
the next month. These calves will  
be sold next fall in the annual  
Egyptian Feeder Calf sale. Dave  
told us he expected to have the  
calves weighing an average of 550  
pounds by sale time in October—  
without creep feed. He thinks  
early calves are best, particularly  
when they are to be sold as feeder  
calves.

Dave used nitrogen on his fescue  
pastures last fall, and he claims

that the nitrogen saved him a lot  
of hay and silage last winter. The  
winter pasture, in conjunction with  
a hay and silage feed, keeps his  
cows healthy and he reports less  
calfing troubles. He says the pas-  
ture gives his cattle "tone" that he  
can't obtain in drylot.

In his conversation Dave dropped  
a hint about one of the most im-  
portant reasons some men are  
good livestock men and others are  
not. He said, "You just can't af-  
ford to overlook anything in man-  
agement. You have to watch your  
cattle closely and, if you see some-  
thing wrong, get right on it."

### Watershed Measurement

Heavy rains that fell during the  
last three days of February pro-  
vided the first opportunity for  
measuring stream flow on the re-  
cently established Lake Glendale  
Watershed Project. This study  
was started last summer by the  
University of Illinois Forestry De-  
partment and the Station in coop-  
eration with the State Water Sur-  
vey.

The study will provide data on  
water yields from the 1,500-acre  
Lake Glendale watershed as related  
to soil moisture, ground water  
supplies and weather conditions.  
Information obtained in this pro-  
ject will be useful to anyone who  
depends upon impounded water,  
whether in a farm pond or in a  
municipal water supply.

Silage Three Years Old Being Fed  
Corn silage that is three years  
old is being fed to cattle at the  
Dixon Springs Station. It was pro-  
duced from a corn crop in 1952 and  
stored in a dirt trench silo and is  
coming out as an excellent feed  
now, after three winters. Recent-  
ly the Colby Branch Station in  
Kansas reported feeding quality sil-  
age that had been stored for 13  
years. Rufus Cox, head of the De-  
partment of Animal Husbandry,  
Kansas State College, wrote: "... if  
the silage is packed well in any  
kind of silo and protected from air  
and water infiltration, it will keep  
indefinitely, virtually unchanged."

George Cmarik, cattle research-  
er at Dixon Springs, says, "Keep  
livestock and other traffic off the  
top of silage in trenches. Fence  
them off." Any place the seal in  
the top of the silage is broken, air  
is admitted and spoilage follows.  
Cutting Pine Posts

Part of the Dixon Springs Sta-  
tion crew are busy cutting pine  
posts from plantations on the Sta-  
tion. About 4,000 of these posts  
are used each year for fencing.  
Now and during the next few weeks  
while the sap is running, is the  
best time to cut and peel the posts.  
At this time the bark slips easily.  
After they have been cut and peeled,  
they will be stacked and al-  
lowed to dry. After drying, late  
this summer, they will be treated.  
Cutting posts is a useful way to thin  
pine plantations.

Sampling Soil for Fertility  
Soil samples are now being col-  
lected from fields that are to be  
renovated, and also from experi-  
mental pastures. These samples  
are being tested for lime, phosphate  
and potash by Wallace Anderson  
and Wayne Speck, laboratory tech-  
nicians at Dixon Springs. They re-  
port that they have over 1,000 sam-  
ples to run. Anyone who has a soil  
test to be made should contact his  
farm adviser and have the tests  
run at the local laboratory. The  
Station does not perform this ser-  
vice.

### First Ship

The 30-ton sloop Blessing of the  
Bay, launched in 1631, was the  
first ship of any importance to be  
built in the American colonies.

Van Johnson toasts Elizabeth Taylor in this scene from MGM's  
"The Last Time I Saw Paris," in color by Technicolor, to show at the  
Grand Sunday, Monday and Tuesday.

## SIU Country Column

By Albert Meyer

Today's subject is bees.

Honeybees are credited with 80  
to 90 percent of the pollen transfer  
in fruit orchards, according to Dr.  
James B. Mowry, superintendent  
of the Illinois Horticultural Experi-  
ment Station at Southern Illinois  
University. The Station, as you  
know, is a cooperative project of  
the University of Illinois and SIU.  
Bees are especially important in  
apple production. The cross pol-  
ination of fruit flowers through  
the work of the bees normally re-  
sults in better shaped fruit. For  
this reason some growers rent hives  
of bees from persons in the bee-  
keeping business and have them  
placed in the apple orchards dur-  
ing the blossom period. This gives  
beekeepers an added source of in-  
come from their bees. One strong  
hive of bees per acre usually is  
recommended for good apple tree  
pollination.

Much has been said about a bee  
flying in a straight line to its hive,  
often from quite a distance. Mowry  
says that honeybees may range one  
and one-half or more miles from  
a long established hive, but this  
does not apply where hives are  
moved into an orchard for pollina-  
tion purposes. Bees require three  
or four days of good flying weather  
to become accustomed to sur-  
roundings after being moved to  
new locations and therefore do not  
move far afield. Normally a bee  
visits many blossoms in a restricted  
area to obtain a load of pollen or  
nectar and tends to return re-  
peatedly to the same or nearby  
areas. Whether collecting pollen  
or nectar a bee usually stays within  
one species of plant on each trip.  
Each bee old enough for outside  
work may go afield four or five  
times daily.

Various factors influence bee ac-  
tivity and effectiveness in fruit  
flower pollination. These include  
flower structure, the blossoming  
period, weather conditions, and the  
number of bees present. It is com-  
mon knowledge among fruit men  
that persistently cool or rainy weather  
during apple blossom time  
leads to a poor set of apples.

Honeybee activity effective for  
pollination begins at near 60 de-  
grees but is much stronger at 70  
degrees. High humidity and warmer  
temperatures stimulate nectar  
secretion in the flowers and make  
a bee's labors more fruitful. Bees  
may remain fairly active during  
high humidity periods, but their  
flight stops during rainy weather.

The bee activity is best when  
no wind is blowing. This activity  
becomes less when the wind velocity  
reaches 15 miles per hour and  
ceases when the velocity goes up  
to 25 miles per hour. Flying condi-  
tions are just too difficult for the  
busy little insects. Sunlight is fa-  
vorable to bee flight in orchards,  
but other conditions also must be  
desirable if the honeybees are to  
fulfill their mission of pollination.

The bumblebees are more hardy  
and strong. They can fly in strong-  
er wind and cooler weather than  
the honeybee. Their attack is more  
potent, too. There is nothing like  
a fast pair of legs and a stout  
straw hat for a weapon when a  
farm boy disturbs a bumblebee's  
nest. Their disadvantage for or-  
chard pollination is that the num-  
bers are too few and they are not  
propagated domestically.

The flower's volume of pollen  
and chemical composition may be  
important in attracting honeybees.  
The effect of competition with other  
plants is difficult to evaluate,  
but it does enter the picture. One  
variety of flowering plant may not  
be as attractive to the bees as an-  
other at the particular time of  
blossoming and therefore is not  
visited as often.

## Report Upswing In Farm Land Value in Midwest

CHICAGO (UPI)—The Federal  
Reserve Bank of Chicago has of-  
fered three main reasons for the  
recent upswing in the value of  
Midwest farm land:

1. Corn belt farm income, which  
reversed its downward trend about  
a year ago, began to affect real  
estate estimates last fall.

2. Interest rates and down pay-  
ment requirements declined, en-  
abling more buyers to enter the  
market.

3. Relatively stable returns from  
farm land look like a better risk  
because of the decrease on re-  
turns of alternative investments,  
such as stocks and bonds.

The bank, in its monthly review,  
said that farm income was buoyed  
up by last year's vigorous market  
for hogs and soybeans and a near-  
record production of farm com-  
modities.

The value of midwest farm land  
recently reversed a two-year de-  
cline and is now 2 and 3 per cent  
above mid-1954, the review said.

## Millions For Mastitis

The nation's dairy farmers are being robbed of 200 million dollars  
this year. The thief is a stubborn, puzzling disease called bovine mastitis.  
An inflammation of the udder, mastitis is commonly caused by the  
same type of germ responsible for "strep" throat in humans. The disease  
is usually classified as either acute or chronic. In acute mastitis, the  
animal will run a high tempera-  
ture, lose her appetite and may  
stop giving milk. Chronic mastitis  
is hard to diagnose and may flare  
up at intervals. It is frequently  
spread in secret to other herd  
animals.

Some bruise or damage to the  
udder generally precedes an out-  
break, although sudden change in  
weather or feed may also play a  
part. If allowed to go unchecked,  
mastitis may be fatal or it may do  
permanent damage to the udder,  
leaving scar tissue in place of pro-  
ductive milk tissue.

Mastitis May Be Prevented  
Careful sanitary practices and  
good farm management reduce the  
chances of an outbreak. Dairy cat-  
tle, if kept well bedded and out of  
dampness and drafts, are less apt

to contract the infection. Immedi-  
ate attention to minor injuries  
also serves to prevent mastitis.

Antibiotic Hits Infection  
Terramycin, if administered in  
time, generally destroys the infec-  
tion and leaves the infected quar-  
ter undamaged. The antibiotic is  
suspended in a water base and  
packaged for easy udder infusion.  
Although antibiotics have been  
prepared in oil or jelly base mat-  
erials, recent experiments by sci-  
entists at the Pfizer Experimental  
Farm in Terre Haute, Indiana,  
proved that water infusions  
yielded the best results. Terramycin,  
in many cases, cleared up  
mastitis infections within 12 to 24  
hours. The scientists found that it  
could be milked out sooner than an  
oil or jelly base antibiotic, return-  
ing the cow to perfect health and  
normal production.

## Make One Machine Do Work of Two

URBANA—You can make one  
machine do the work of two by  
using your small grain combine  
to harvest corn.

G. E. Pickard, agricultural en-  
gineer at the University of Illinois  
College of Agriculture, says using  
a combine to pick and shell corn  
not only saves the investment in a  
corn picker, but also lessens the  
danger to the operator. You also  
completely eliminate one opera-  
tion, shelling at the crib.

In research at the University,  
a snapper attachment on the com-  
bine has proved to be more suc-  
cessful than cutting off the corn  
and running the entire plant thru  
the machine.

One company is already manu-  
facturing a snapper attachment  
for its self-propelled model. Most  
other companies are experiment-  
ing with new machines, Pickard  
said. The snapper attachment  
now in production costs about  
\$1,300 and fastens quickly by  
means of four bolts.

Research has been going on at  
Illinois since 1950 on the new  
method of harvesting corn. Pick-  
ard reports low field losses and  
little cob breakage.

Best results are obtained when  
corn is harvested at around 25 per  
cent moisture. The corn should  
be artificially dried when harvest-  
ed this early.

When corn is harvested early,  
the stalks are not so likely to clog  
up the rollers. So you don't have  
to clean out the stalks so often,  
and that reduces the danger of  
losing a hand or arm.

To convert your combine to a  
picker-sheller, just increase the  
distance between the cylinder bars  
and the concave, leaving enough  
room for the cob to pass through  
without breaking.

Pickard says that harvesting

corn seems to be no harder on a  
combine than threshing any of  
the small grains.

## Expect Boost In Corn Acreage

WASHINGTON (AP)—The Agricul-  
ture Department today estimated  
farmers will plant 82,033,000 acres  
of corn this year. This would be  
an increase of two-tenths of one  
per cent over last year's planting.

The crop reporting board said  
that with average yields that acre-  
age would produce about 3,140,000,  
000 bushels of the key livestock  
feed grain compared to last year's  
output of 2,964,639,000 bushels.

The department had hoped that  
the second year of crop controls  
on corn would result in a crop  
of about 2,200,000,000 bushels. On  
Feb. 1, Secretary of Agriculture  
Ezra T. Benson set an allotment  
of 49,842,697 acres for the 1955  
crop in the 805-county commercial  
corn-producing area in 21 states.

The department said spring  
wheat acreage this year is ex-  
pected to total 13,960,000 acres,  
down 12.1 per cent from last year.  
Of this amount, 1,112,000 acres  
would be devoted to durum wheat  
and 12,848,000 acres to other spring  
wheat.

With average yields, the crop  
reporting board said, that acreage  
would mean production of 177,000,  
000 bushels of the spring-grown  
wheat.

A spring wheat crop of that size,  
plus the previously estimated win-  
ter wheat output of 679,137,000 bu-  
shels this year would result in total  
1955 wheat production of about  
856,000,000 bushels.

Benson already has allotted 55,  
000,000 acres for total wheat pro-  
duction in an effort to reduce a  
huge carryover surplus.

baby pigs kept in farrowing pens  
away from contact with the soil.  
Either paint the sow's udder every  
day with a saturated solution of  
coppers in water, or place chunks  
of roadside sod in the pens where  
baby pigs will be able to get to it.

## Seek Civilian Typists, Stenographers For Navy Department

Miss Dorothy Jemison of Washington, D. C., will be in Marion from March 28 to April 2 in search of civilian typists and stenographers for positions in the Navy Department in our Nation's Capital. She will be located at the Navy Recruiting Station, Post Office Building from 9 a. m. to 6 p. m. and Saturday appointments may be made by calling her at 1131.

Beginning salaries range from \$44 to \$61 a week with yearly increases. Benefits include a five day work week, interesting assignments, over 2½ weeks paid vacation plus sick leave, many promotional opportunities, optional low cost life insurance, hospitalization and non-profit government cafeteria. The Navy housing office reserves a room for each appointee for the first week and assists in securing reasonable permanent accommodations.

Miss Jemison will administer the Navy Civil Service tests which consist of a ten minute typing test at 40 words a minute and for stenographers, a three minute dictation exercise at 80 words a minute is given.

## Carrier Mills PTA To Sponsor Variety Show on March 26

A variety show, sponsored by the Carrier Mills PTA, will be staged Saturday, March 26, in the Carrier Mills grade school gymnasium, starting at 7:30 p. m. Outstanding talent from throughout southern Illinois is expected to be present, competing for the cash prizes. Bert Miller will be master of ceremonies for the program. Admission will be 50 cents for adults and 25 cents for children. Mrs. Jimmy Thornton is general chairman of the program.

J. Wayne Green, eminent Trichologist, demonstrates causes of baldness and how it can be prevented.

## How to Have Hair For a Lifetime To Be Demonstrated Here By Famous Trichologist

### Offers Written Guarantee

An exclusive interview by Steven Bright

**WICHITA (Special)**—J. Wayne Green, Director of Rogers, Inc., Hair and Scalp Specialists, exploded the myth of baldness today in an exclusive interview.

"Baldness is unnecessary, costly, a plague to mankind," says Green. "No man need be bald. No man need suffer the stigma of premature old age that is forced upon him because he is losing his hair. The Rogers method of hair treatment can prevent baldness, can turn colorless fuzz into healthy, growing hair—can make you look youthful again."

**Democratization To Be Held**—Harrisburg, Ill. This revolutionary method of hair treatment for the hair and scalp will be demonstrated in Harrisburg, Ill., Tuesday ONLY, March 28, at the Morning Hotel. Trichologist L. R. Martin will conduct the private, individual interviews from 12 noon until 9 p. m. on Tuesday ONLY. There is no cost or obligation, and you need no appointment.

**Reason for Baldness**—There is always a reason for baldness," continued this nationally known authority. "Hair cannot grow through a scalp that is infected with dandruff, excessive oiliness or extreme dryness. A scalp that has never been exercised cannot be expected to produce healthy hair." Men, and yes, women, too, walk the streets today, completely devoid of nature's greatest ornament—hair. Simply because they were not taught the basic rules of hair and scalp hygiene while they were growing up. "The simple answer," emphasized this expert, "is that children should be taught the same simple basic rules of hair and scalp hygiene that they are taught for the proper care of their teeth. If this were the case, baldness would be a rarity today!"

**Baldness Not Inevitable**—Trichologist Green dodged no issues. He quickly took up the most widely spread theory of baldness—heredity. "Mankind's unrealistic belief that baldness is hereditary stems from a misinterpretation of

the theory of genetics. Theory does not state that any person must be bald because baldness exists in the family. What it does say, is that in some families, a tendency exists towards an undernourished scalp. The purpose of the Rogers Hair and Scalp Clinic is to teach the methods of strengthening the weak scalp and nourishing it to a healthy, vigorous condition. "A healthy scalp will grow hair if it is not already completely bald," assures Green.

**Is There Hope For the Completely Bald?**—In his travels throughout the United States and Canada, Green has collected hundreds of testimonials of his ability to develop weak fuzz into healthy, mature hair. All of his clients have started with private examination, hair and scalp analysis, and a diagnosis of the disorder. Green is quick, however, to tell a hopeless case that he cannot be helped. "We strongly advise," says Green, "that no person who is completely bald hold any hope whatsoever of regrowing hair. If there is any fuzz at all, we can restore a healthy scalp condition and the hair will grow normally again as nature intended."

**Offers A Guarantee**—"Rogers, Inc., America's Foremost Hair and Scalp Specialists, offer a guarantee to any client who enrolls for treatment. If he or she is not completely delighted with the results at the end of 30 days, the money invested will be graciously refunded," says Green. We must have satisfied clients. We must grow hair. "After all, it is our best advertisement."

**Is Your Hair Healthy?**—If you have a scalp disorder, or if you are worried about your hair, call Trichologist L. R. Martin at the Morning Hotel in Harrisburg, Ill., Tuesday ONLY from 12 noon to 9 p. m. The public is invited. The examinations are private and open to men and women. You do not need an appointment, and you will not be embarrassed or obligated in any way.

## Social and Personal Items

### First Baptist Lydia Class Has Meeting

The Lydia Sunday school class of the First Baptist church held its business meeting and social Thursday at 7 p. m. at the home of Mrs. Ollie Cain on West Locust. Mrs. J. M. Hunsaker, class president, read the scripture from the fifth chapter of 2 Cor. Mrs. Albert Sisk led in prayer after which reports were given by the class officers.

A social and fellowship hour followed. Mrs. C. B. Hart, vice president, conducted a Bible quiz and other interesting games. Bowls of hyacinths, Easter lilies and other spring flowers gave charm and fragrance to the occasion.

Mrs. Cain served ice cream sandwiches, angel food cake, open face sandwiches, mints and coffee.

Mrs. Bolen Perkins and daughter, Mrs. George Lindemuth, were visitors.

### First Baptist Adult Department Has Dinner

The Adult I department of the First Baptist church met Thursday evening in the dining room of the educational building for a St. Patrick's day party.

A buffet dinner was enjoyed at tables gaily decorated with green painted plants, white candles and green posters.

Following the dinner John Slightfoot, who was in charge of the entertainment for the evening, presented Mrs. John Foster who told the story of St. Patrick. Several Irish songs were sung by Calvin Sutton and the group. Teams were then chosen to play the game, charades.

The members departed after an enjoyable evening.

### Calendar Of Meetings

The Saline County Garden club will meet Tuesday, March 22, at the public library.

Regular meeting of IOOF lodge No. 386 at 7:30 p. m. Monday. Leslie Roberts, N. G.

## More Than Million Now Enrolled in Blue Cross Plan

Enrollment of the millionth member in Blue Shield and the payment of record sums to hospitals and doctors for the care of members were highlights of the year 1954 for the Blue Cross and Blue Shield Plans which serve this area. These facts were revealed today by E. M. Burrows, manager of the Carbondale branch office serving this area, of Hospital Service Corporation and Illinois Medical Service which operate these Plans.

A total of \$39,099,523 was paid out by this Blue Cross Plan for hospital care benefits received by its members last year. This is an increase of \$4,245,263 more than was paid out in benefits the previous year and brings total benefits paid by Blue Cross since it was established 18 years ago to \$230,485,798.

Payments to hospitals in this area 1954 amounted to \$150,957 including \$24,142 to hospitals in Carbondale.

This Blue Shield Plan paid a total of \$7,462,589 to doctors for medical and surgical care of members during 1954, which was over 14 million dollars more than in 1953. Burrows revealed. He explained that this amount was paid toward doctors' bills for the care of 140,804 members. Since this Blue Shield Plan was established in 1947, it has provided a total of \$23,165,301 toward doctors' bills.

The millionth member was enrolled by this Blue Shield Plan in 1954 and by the end of the year, 1,064,573 persons were protected.

The Blue Cross Plan which was founded 10 years earlier, according to Burrows, now has 2,120,443 members, while a total of 2,562,944 hospital cases have been paid by Blue Cross over an 18 year period.

## Seek Funds to Plan Protection for Americans in H-Attack

WASHINGTON (AP)—Civil Defense Administrator Val Peterson said today that emergency funds sought by President Eisenhower will be used to make the broadest study yet undertaken of how to protect millions of Americans in H-bomb target cities.

Mr. Eisenhower asked Congress Friday for 12 million dollars to finance plans for evacuating, sheltering, and feeding refugee populations. Particular stress will be put on determining what kind of shelters will be needed outside central target areas to protect evacuees from radio-active fallout.

The word "academy" is derived from the olive grove of Academe where Plato taught, according to the Encyclopedia Britannica.

**FINDERS KEEPERS**—Provided, of course, Gisele Robert should get lost in a crowd. But her press agent says that would be improbable, because she's six feet tall. The long-stemmed beauty entertains at Paris' Amiral Cabaret.

## Carrier Mills Register

Kenneth Hart Correspondent

On Friday, March 11, the Past Noble Grands club of Comfort Rebekah lodge No. 48, met at the home of Mrs. Ella Chase. The meeting was called to order at 7:30 p. m. by the president, Mrs. Addie Ramsey.

After the theme song the devotion was given by Mrs. Jane Pankey, reading John, 14th chapter, verses 1-22. Prayer was by Mrs. Helen Gibson.

Roll call was answered by a scripture verse and the minutes of the previous meeting were read and approved.

A card, "Thinking of you," was signed by all those present and sent to a member, Mrs. Martha Hood who was absent due to the serious illness of her son in a St. Louis hospital.

After the business session the meeting was dismissed with prayer by Mrs. Ellen Kingery. Entertainment was by Mrs. Thelma O'Neal and Mrs. Clara B. Campbell. Refreshments of ham salad sandwiches, pickles, waldorf salad, corn curls, candy, coffee, with fruit cocktail pudding topped with whipped cream for dessert, were served to the following:

Mesdames Ellen Kingery, Nellie Cast, Helen Gibson, Jane Pankey, Clara B. Campbell, Addie Ramsey, Dollie Davis and Thelma O'Neal and Miss Carrie B. Wason. Mr. Chase was assisted by her daughter-in-law, Mrs. Glendall Chase of Vienna, who with her son, Freddie Glen, came at the close of the meeting.

The next meeting will be Friday, April 1, at the home of Mrs. Clara B. Campbell.

### Household Shower For Mrs. Kathryn Furlong Fox

A household shower was given Friday night, March 11, in honor of Mrs. Kathryn Furlong Fox at the home of Rose Furlong.

Games were played and prizes awarded. Mrs. Barbara Brandan, Mrs. Virginia Lebo, Mrs. Iva Moore and the door prize was won by Miss Carol Boyd.

Refreshments of wagon wheel sandwiches, cupcakes and soft drinks were served to Betty Mottinger, Dimple Stricklin, Gertie Russell, Maxine English and daughter, Kay, Imogene Edwards, Pat Durfee, Iva Moore, Gladys Brandon, Mabel McMahon, Mary Kathryn Wyatt, Madge Hibbs, Lucy Milburn, Pauline Miller, Kitty Furlong, Beulah King, Margie Chaney, Lorene Ridley, Carol Boyd and the hostesses, Rose Furlong and Fae Wyatt.

Mrs. Fox received many lovely and useful gifts and wishes to thank the many friends who sent gifts but were unable to attend.

### Woman's Club Meets Monday Evening

The Carrier Mills Woman's club met Monday evening, March 14, in the lower rooms of the Masonic temple. The meeting was called to order by the president, Miss Carrie B. Wason and the pledge of allegiance to the flag was led by Mrs. Gladys Pankey.

"The Old Rugged Cross" was sung by the group accompanied at the piano by Miss Janet Lea Tanner of Harrisburg, and special music was by Mrs. Colleen Henshaw, soloist, accompanied at the piano by Miss Tanner.

The meditation was by Mrs. Ellen Chase and prayer by Mrs. Helen Gibson. Minutes were read by the recording secretary, Mrs. Blanche Whitney, and the treasurer's report was given by Mrs. Mae Dallas. Both were approved.

It was decided to purchase a magnolia tree to be planted on the Community high school campus near the memorial Wednesday, March 23, at 5:30 p. m.

A card signed by all the members present was sent to Mrs. Katie Wason, who is ill in a St. Louis hospital.

Refreshments of white cake decorated with a green shamrock and the words "Woman's Club" in yellow on the white icing, and green Kool-Aid were served by the following committee: Dottie Tanner, Pauline Thornton, Juanita Campbell, Helen Gibson and Ruby Fife. Favors were small shamrocks pinned on the napkins. The tables were decorated with magnolia blooms and jonquils.

Mr. and Mrs. Glendall Chase and son, Freddie, had supper Wednesday evening with Mr. and Mrs. Jade Chase.

Cpl. Bill R. Robinson, son of Mr. and Mrs. Sidney Robinson, recently assumed duties as a member of the recreational council at headquarters, Marine Corps training center, 29 Palms, California. Cpl. Robinson represents the 2nd 90 AAA Gun Battalion which consists of approximately 600 men. The council meets twice each month to discuss and plan better recreational facilities for the new Marine base.

**House to Investigate Deaths of Two Enlisted Men from Meningitis**

WASHINGTON (AP)—A House armed services investigating subcommittee will open public hearings in New York next Friday into the deaths of two Fort Dix, N. J., enlisted men from meningitis.

## Sunday CHURCHES

A Fine Time... Bring a Crowd!

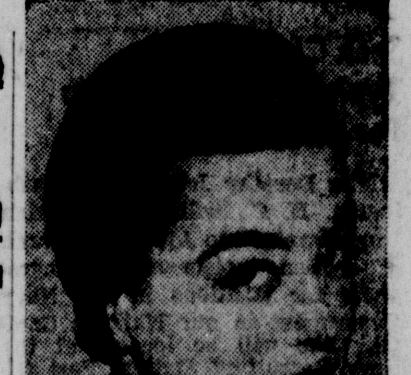

**A LOAN can show A PROFIT**  
Many alert businessmen increase their profit potential by using Bank Loans to make a saving. For example...

**CASH DISCOUNTS** on merchandise.  
**BUYING AHEAD** in favorable markets.  
**REPAIRS** that prevent depreciation.  
**IMPROVEMENTS** on productive equipment.  
**THE ADDITION** of time-saving facilities.

Your own business might offer similar opportunities to "save by borrowing." If you think so, let's get together.

# (1) Notices

**PUBLICATION NOTICE**  
State of Illinois, County of Saline, ss.  
In the Circuit Court of Said County.

Detroit Steel Products Co., a corporation, et al., Plaintiffs, vs. Irving I. Hudes, et al., Defendants.  
In Chancery Case No. 55-C-15  
Notice is hereby given you, Unknown Owners, named as defendants in the above entitled cause that suit entitled as above has been commenced and is now pending against you and other persons wherein plaintiffs seek to foreclose their respective Mechanics' Liens against the following described real estate situated in the County of Saline, State of Illinois:

A portion of the southeast quarter (SE<sup>1</sup>/<sub>4</sub>) of the southwest quarter (SW<sup>1</sup>/<sub>4</sub>) of Section Twenty-one (21), Township Nine (9) South, Range Six (6) East of the third principal meridian, being more particularly described as follows: Beginning at the northwest corner of the southeast quarter (SE<sup>1</sup>/<sub>4</sub>) of the southwest quarter (SW<sup>1</sup>/<sub>4</sub>) of Section Twenty-one (21), Township Nine (9) South, Range Six (6) East and running in an easterly direction along the quarter-section line for a distance of approximately three hundred ninety-nine (399) feet to the centerline of State Aid Route Eleven (11), thence running in a southeasterly direction along the centerline of said State Aid Route with an angle to the right of eighty-six degrees (86°) and thirty-one minutes (31') for a distance of one hundred twelve (112) feet to a point on said centerline thence running in a westerly direction with an angle to the right of ninety-three degrees (93°) and twenty-nine minutes (29') for a distance of thirty and one tenth (30.1) feet to a point on the west right-of-way line of said State Aid Route which is the point of beginning, thence continuing westerly along the same line for a distance of two hundred fifty (250) feet to a point, thence running in a southerly direction with an angle to the left of ninety degrees (90°) for a distance of four hundred (400) feet to a point, thence running in an easterly direction with an angle to the left of ninety degrees (90°) for a distance of two hundred sixty-four and three tenths (264.3) feet which is a point on the west right-of-way line of said State Aid Route, thence running in a northerly direction along said right-of-way line with an angle to the left of ninety degrees (90°) for a distance of two hundred seventy-two and seven tenths (272.7) feet, thence running in a northeasterly direction along said right-of-way line with an angle to the right of ninety degrees (90°) for a distance of ten (10) feet, thence running in a northerly direction along said right-of-way line with an angle to the left of ninety degrees (90°) for a distance of one hundred eighty-three (183) feet to the point of beginning, containing two and thirty-six hundredths (2.36) acres, more or less, and for other relief.

And you, Unknown Owners, are further notified that unless on or before Monday, May 2, 1955, you shall appear and defend in said suit, default judgment may be entered against you on the day following or thereafter.

## La Salle Ousts Iowa from NCAA, 76-73; Will Face San Francisco in Title Tilt

KANSAS CITY, Mo. (AP)—Defending champion La Salle will meet the San Francisco Dons, the nation's No. 1 team, for the NCAA basketball championship tonight in a battle of East versus West.

With All-Americans in stellar roles, La Salle and San Francisco won their final berths Friday night over Iowa and Colorado respectively. La Salle shaded Iowa, 76-73, and San Francisco overcame Colorado easily 62-50.

Tonight's championship game will commence at 9 p. m., following a consolation meeting of Iowa and Colorado.

Neither coach of the two finalists, Phil Woolpert of San Francisco nor Ken Loeffler of La Salle,

would comment on his team's chance of coming through tonight the victor.

La Salle, on the strength of 23 points by All-American Tom Gola, won its victory over Iowa for the eastern crown. San Francisco, paced by All-American center, 6-10 Bill Russell beat Colorado with Russell contributing 24 points. A sellout crowd of more than 10,000 fans saw La Salle fight off a great second-half rally by Iowa to gain its final berth.

### Comfortable Early Lead

San Francisco, on the other hand, pulled into a comfortable lead early in the final period and never was threatened after Colorado lost its tall man, 6-7 Burdette Halderson, for excessive fouling. Colorado's chances were dealt a severe blow in the warmup when Tom Harold, regular starting guard, sprained an ankle and was unable to go into the contest until late in the first half.

But San Francisco, too, had injury trouble. The Dons got only limited services from forward Jerry Mullen, its second-high scorer, because of an ankle injury.

Iowa was never ahead of La Salle and twice trailed by as much as 10 points in the first round of the semi-finals. But the Iowans made a courageous bid for victory in a late second half rally. Twice the La Salle margin was cut to one point near the finish.

With Gola controlling the backboards and hitting five of seven shots in the first half, La Salle got away to a 45-36 intermission lead. The margin mounted to 10 points at 49-39 before Iowa made its unsuccessful bid.

### Middling Scoring Averages

For the game, La Salle hit 26 of 66 from the field for 39.4 per cent, while Iowa hit 25 of 75 for 33.3 per cent. At the free throw line, La Salle also gained a one point advantage with 24 out of 29 with Iowa's 23 of 30.

Colorado played ball control throughout the first half and surprised with its ability to gain numerous rebounds. But once Halderson left, the West Coast team broke the game wide open winning its 25th in a row and its 27th out of 28 for the season.

Next to Russell in San Francisco scoring were Hal Perry with 10 points and K. C. Jones with eight. Halderson and George Hannah got nine each to lead Colorado.

### ROOKIE HOMER

AS CUBS WIN, 5-0

MESA, Ariz. (AP)—The Chicago Cubs lifted their Grapefruit league record over the 300-mark today on the wings of home runs by rookies Bob Speake and Don Robertson.

Speake's two-run blow snapped a scoreless tie in the eighth inning and Robertson followed a few moments later with a three-run blast to give the Cubs a 5-0 win over the Cleveland Indians' B team.

The Cubs' spring record is 4-3 and they play Hollywood of the Pacific Coast league today.

### TIGER ROOKIE

HITS THIRD HOMER

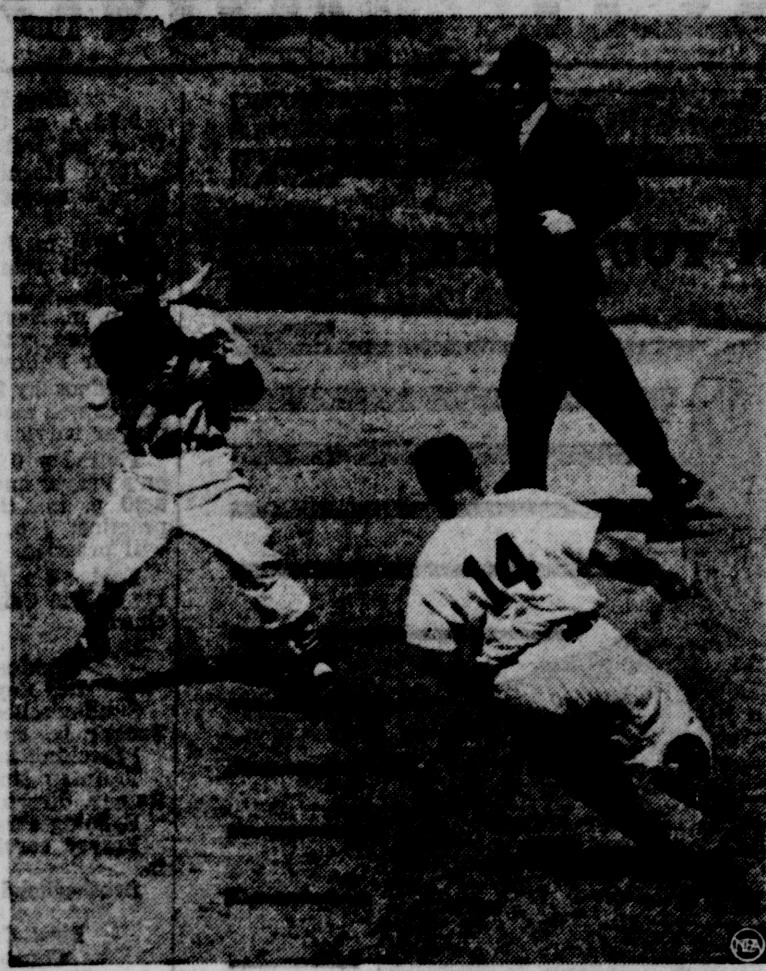

LAKELAND, Fla. (AP)—Rookie outfielder J. W. Porter's power seemed certain today to win him a place in the Detroit Tigers' outer garden.

Porter blasted his third home run of the spring Friday as the Tigers eked out a 7-4 triumph over the Philadelphia Phillies. Porter's new demonstration of power helped to ease Manager Bucky Harris' disappointment at seeing New Garver and Steve Gromek, his key pitchers, hit hard by the Phillies.

The Tigers scored their winning run with two out and two on in the 10th inning when rookie Chuck King walloped a double.

More than 200 species of North American birds are known as winter migrants in Guatemala.

# Pinckneyville Panthers in Semifinals

BACKFIRED—The hit-and-run play is designed to break up double plays such as Chicago's Nellie Fox is working on here. Gene Woodling, who will play for Richards as an Oriole, is being cut down at second.

## Snapshots of Sweet Sixteen

CHAMPAIGN (AP)—Snapshots from the "Sweet 16" tournament scene:

Princeton cheerleader Connie Lynn Hudson, 17, a hazel-eyed brunette, today reigned as queen of the "Sweet 16." She was chosen from among candidates representing 14 touring teams and crowned "Miss Sweet 16" at coronation ceremonies in the University of Illinois Armory Friday night. Captain-elect Paul Judson of the 1955-56 U. of I. basketball team placed the crown on Miss Hudson's dark locks at the ceremonies.

Other candidates, who are in the queen's court, were Sara Dodd, Elgin; June Friedls, Shawneetown; Carol Larsen, Lincoln; Gail Huck, Alton; Sandra Schnellbacher, Quincy; Sherry Craig, Pinckneyville; Carol Cleveland, West Rockford; Carol O'Malley, Decatur; Donna Refett, Georgetown; Betty Jo Lundquist, Galesburg; Karen Dorberg, Rich Township; Linda Ann Eveland, Paris; and Shirley Jasper, Moline.

Shawneetown, the tribe from the Gallatin county town of 2,000 on the banks of the Ohio, was gone from the tourney scene today. But the team fulfilled the wishes of its friends left at home. They were among the more than 1,000 persons whose names appeared on telegrams of support for the Indians. The telegram from the old home town told the Indians to win but "keep up your good sportsmanship—it's giving Shawneetown a good name." Even though Shawneetown was suffering a bitter first defeat at the hands of Princeton, the players showed nothing but good spirit and clean play. The game was the fastest played in the tourney by almost 15 minutes and only 16 fouls were committed, by far the lowest to date by two teams.

Here were some of the comments from coaches after Friday's quarterfinals:

Barney Genisio, Shawneetown: "We lost, but we don't feel bad. They said we'd never get out of the regional."

Paul Johnson, Lincoln: "The boys were all lightened before the game, that's why we couldn't do anything in the first half. I thought I had them loose, but I didn't." Johnson thanked Jerry Albert, star on Lincoln's 1952 Sweet 16 team,

for some of the defense tips that helped Lincoln steal the ball in its 52-point last half rush.

Frank Adams, Galesburg: "Youngquist (Galesburg center) shouldn't have shot with 40 seconds left. We should have held it longer before trying for the tie-breaker. But on the other hand, the boy had a good shot and if he'd made it, he'd probably have won, then he'd been right. Anyway, they said we got here from a weak sectional. We showed them we belonged here today."

Leading scorers after the first two rounds were: Joe Ruklick, Princeton, 48; Dave Cadwallader, Lincoln, 43; Garrison Newsom, Shawneetown, 42; Nolden Gentry, West Rockford, 41; Jim Lazenby, Pinckneyville, 41; Lester Kewney, Quincy, 41; Gary Smith, Elgin, 40; Gene Youngquist, Galesburg, 39; Bill Granning, Galesburg, 36; and Tom Alely, Elgin, 36.

Princeton had the best field goal average, 425, among the semi-finalists, although loser Quincy had 456 for two games. Pinckneyville had a 42.2 per cent free throw shooting average to lead in that department. West Rockford has scored the most field goals, 52.

West Rockford guard Rex Parker signals the Warrior offensive pattern by holding up one or two fingers as he brings the ball down. Pinckneyville's mechanical game includes a number of offensive patterns which start from formations, like football plays. One formation has four Pinckneyville players toting the foul line, making it look like a football pass screen.

### Eisenhower Urges

Americans to Renew

Interest in Baseball

NEW YORK (AP)—President Eisenhower urged Americans everywhere Friday to "renew their interest in baseball as part of our way of life."

The chief executive, in a letter to the office of Baseball Commissioner Ford Frick, officially launched "Let's Play Ball Week." However, Mr. Eisenhower, who personally prefers an afternoon at a golf course to one at a ball park, referred to the so-called national pastime only as "one of our great national sports."

Frick, who released the text of the letter, said the idea behind baseball week was to emphasize the all-time high popularity of the sport.

### SIU Best Defensive

Team in IIA, But

Weak on Offense

Southern Illinois university had the top defensive basketball team in the IIA Conference, according to recent releases.

But SIU also fielded the weakest offensive team.

The releases show that Southern allowed an average of only 72.6 points per game, with Western second allowing its opponents to score an average of 77.2.

However, SIU was able to muster an average of only 71.3 points per conference contest while Western's offense, tops for the league, averaged 91.1.

There are seven members in the conference, with Western showing the better balance with the top offensive unit and second best defensive team.

Kurtz of SIU was eighth in individual scoring, collecting 209 points for an average of 17.4. Andy Shepherd of Michigan Normal paced all individual point makers with an average of 20.5 per game.

—not including weddings, new businesses and fishing trips.

## Sweet Sixteen

At a Glance

CHAMPAIGN (AP)—The "Sweet 16" Illinois high school basketball tournament at a glance:

TODAY'S GAMES

Semifinals

1:15 p. m. Princeton (32-1) vs. Elgin (25-3).

3 p. m. West Rockford (26-1) vs. Pinckneyville (32-2).

Third Place

7:30 p. m. semi-final losers. Championship

9:25 p. m. semi-final winners.

FRIDAY'S QUARTERFINAL RESULTS

Princeton 66, Shawneetown (32-1) 48.

Elgin 66, Galesburg (18-12) 60 (overtime).

West Rockford 75, Lincoln (18-12) 65.

Pinckneyville 53, Quincy (20-9) 52.

Princeton Ends

Indians' Dream

Of State Title

Shawneetown Bows

Out of Sweet

16 Play, 66 to 48

By TIM TURNER

Daily Register Staff Writer

The beautiful dream came to an end for Shawneetown's Cinderella team in George Huff gym yesterday afternoon but the memories of that dream will linger for years in the minds of the loyal supporters of the first Shawneetown quintet in history that went to the state finals at Champaign.

The Gallatin county crew bowed out of the tourney in the second round of play, losing to Princeton, 66 to 48, but Coach Barney Genisio and his Indians took the defeat in stride, just like they did all of the 32 straight victories this season before the end came yesterday.

The Indians were philosophical about the loss in their dressing room following the game.

Coach Praises Boys

Genisio walked over to his boys, looked straight at them, and said: "You've done a marvelous job and I'm proud of you."

And Bobby Spottsville commented:

"Well, I guess it had to happen sometime. We met our competition."

And competition it was that the Indians got from the Princeton Blue Devils, coached by Don Sheffer. Paced by Joe Ruklick, six foot, eight inch center who stands a half inch taller than the Illinois pivot man, Ron BonSalle, the upstate boys shot an amazing 48.4, which means that they just about connected on half of the shots they took from the field. In fact they hit 30 in 62 attempts.

Shawneetown, on the other hand, shot 34.5, not bad but not good enough to cope with 48.4 shooting. The Indians connected 19 times in 55 attempts.

Newsom Sparks Indians

Ruklick was the thorn in the Indian side. With an excellent hook shot operating, Big Joe made 29 points and kept the Shawneetown defense in so close that the two Princeton guards, Gary Mulally and Lewis Flinn, were able to move in for jump and set shots at close range.

Garrison Newsom, for the second straight game, was the spark-plug and scoring ace of the Indians. The 5-10 guard hit eight times in 21 attempts and made four out of six free shots for 20 points to give him second high scoring honors for the game behind Ruklick.

Newsom's 22 points against Rich township in the opener gave him a 42-point total for two games of tourney play, tied at all.

Although Shawneetown never caught up with Princeton, the fans did not start giving up until the fourth quarter. The Indians stayed well with the Indians for the first five and a half minutes of the game, being behind by 9-8 at that point, but Princeton put in three buckets in the final two minutes to run the count to 15-8 at the end of the period.

Fouling Light

Princeton maintained the superiority in the second period, outscoring Shawneetown, 18 to 10, to hold a 33-18 lead at halftime.

The last half saw Princeton outscore Shawneetown by three points, but the damage was done the first half, in which the Blue Devils shot an even 500.

The official box score shows the following field goal shooting for Shawneetown—Jack Nolen 3 out of 10, Ronnie Joyner 0 out of 1, Jack Drone 1 out of 1, Bobby Spottsville 3 out of 13, Hobart Ellis 0 out of 1, Alfred Gunzel 0 out of 3, Newsom 8 out of 21, Bob Stewart 0 out of 0, Mitchell Thrallick 2 out of 3 and Carroll Crane 2 out of 2.

Of the first Princeton five, Ruklick made 12 out of 17, Hult 2 out of 11, Finn 0 out of 0, Mulally 9 out of 16 and Flinn 5 out of 13.

Fouling was light in this contest, Shawneetown fouling but six times and Princeton nine.

### GIANTS BEAT

INDIANS, 9-6

LOS ANGELES, Calif. (AP)—Manager Leo Durocher of the New York Giants predicts that Monte Irvin and Whitey Lockman will show a big improvement this year over 1954—and they're making Leo a sound prophet.

Irvin banged out three hits and Dark four Friday as the Giants beat the Cleveland Indians, 9-6, in the fifth game of their 18-game spring series. The Indians still lead in the series, 3-2, however.

# Will Challenge West Rockford; Princeton, Elgin Play First Game

CHAMPAIGN (AP)—Coach Merrill "Duster" Thomas, who masterminds basketball like some men play chess, sends his Pinckneyville Panthers out today to challenge the fearsome West Rockford Warriors in the "Sweet 16" semifinals.

One of these two fine clubs—most would say West Rockford—will stay alive to play the winner of the first afternoon semifinal between Princeton and Elgin.

The game for the 1955 championship of Illinois high school basketball will get under way about 9:15 p. m. tonight, following a 7:30 p. m. game for third place between the afternoon losers.

Princeton and Elgin have proven themselves strong threats for the crown, but the question of whether Thomas can "think" his poised Panthers to victory over towering West Rockford, has caught the fancy of the fans here.

Princeton and Elgin have proven themselves strong threats for the crown, but the question of whether Thomas can "think" his poised Panthers to victory over towering West Rockford, has caught the fancy of the fans here.

Morning worship 11:30.  
Evening worship 7:30.  
Bible class Wednesday 7:30 p. m.  
Preaching service Thursday 7:30 p. m.

## IS IT LATER THAN YOU THINK?

Right now your heart is ticking off the seconds of a lifetime!

Without your willing it to do so, it is pumping life through your veins at an approximate rate of 72 beats a minute. In one year it will have pulsed close to 38 million times—if all goes well.

But suppose your heart suddenly stops tomorrow—or next week—or, at the latest, next month. What then?

Someone, somehow, will help your family pick up the pieces and resume a life of sorts. But only you can guide the destination of your soul.

Let your pastor and your church show you the Way. Look to the future!

It may be later than you think.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a schoolhouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	Book	Chapter	Verses
Sunday	Psalms	27	1-14
Monday	Ecclesiastes	3	1-12
Tuesday	Matthew	5	1-9
Wednesday	Luke	16	10-17
Thursday	Romans	8	21-29
Friday	Hebrews	4	6-13
Saturday	Proverbs	4	20-27

By Dr. Archie E. Brown  
Pastor First Baptist Church  
Vandalia, Ill.

### 'Living the Christian Life'

Col. 3:5-10; 1 Tim. 4:12; 1 John 2:1-4

GOLDEN TEXT: "As He which hath called you is holy; so be ye holy in all manner of conversation; because it is written, Be ye holy, for I am holy." (1 Peter 1:15-16)

INTRODUCTION: Someone has said that, "one example is worth a thousand words." This is certainly true in the realm of Christian living. This brings out the thought of one practicing what he preaches.

We are living in the aftermath of war conditions today. There is still much emotional tension on every hand. There seems to still be the feeling among youth today of "what is the use." All of this has led to low moral standards throughout the nation. Surely, if there ever was a time when Christians needed to set the right example, that time is today. We can almost hear the echo of the words of Joshua as he cries: "Choose you this day whom ye will serve... but as for me and my house, we will serve the Lord."

I TURN FROM SINFUL SELF (Col. 3:5-9)

Here, the writer is saying, "put off the old man." He means that the Christian has become a "new creature in Christ Jesus." The old man "refers to the old, sinful person that you were before you became a Christian."

God gives the Christian the grace and power to overcome the temptations, that did once so easily beset him. However, it still remains for the Christian to "fight the good fight of faith and put to death the old sinful man he once was." There is no place for compromise in the true Christian's life.

II TURN TO RIGHTEOUS LIVING (Col. 3:10)

When one has been "born again," or becomes a Christian, he "puts on the new man." Becoming a Christian brings newness of life. We put off sin and put on righteousness, and we are

Additional Church Notes  
On Page Three

clothed with the spirit of Christ. Note that the Christian is "renewed in the knowledge after the image of him that created him." In other words, we are to live like Christ. Only by living close to Him daily can this be accomplished.

III LIVE THE NEW LIFE (1 Tim. 4:12)

We think that it is difficult for young people to overcome temptations today, and it is. However, young Timothy was living in a place where he was surrounded daily by all manner of evil. It was possible for him to be a real Christian example. It is, also, possible for any sincere young person to do the same today. Most people today say: "Everyone else is doing it, why can't I?" We know some young people who are not like that. They are good examples for Christ.

IV "IF YOU DO SIN" (1 John 2:1-2)

As you read these verses, remember that John is speaking to Christians. These are people who are "born again," heaven bound children of God.

He first admonishes them to "sin not." That is the advice of every preacher. Yes, that is God's advice, also. However John knew and God knows that people will sin, and there must be a way prepared to care for these sins. Here it is: "If any man sin, we have an advocate with the Father, Jesus Christ, the righteous; and He is the covering for our sins; and not for ours only, but also, for the sins of the whole world."

CONCLUSION — (1 John 2:3-6) When any person becomes a Christian he has a desire in his heart to be obedient to God. John, the Apostle, is saying here that a person is a liar if he says he is a Christian and is not obedient. He also states that: "But whose keepeth His word, in him verily is the love of God perfected; hereby we know that we are in Him." Finally, the Apostle, John, tells us that if we say that we abide in Christ, we ought also to prove it by walking as He walked. Let us stand up and be counted for Christ!

**First Methodist**  
W. L. Cummins, minister  
Sunday school 9:30 a. m. at Horace Mann school except for Busy Women, Men, Kupples Klass and Myrtle Combe classes which will meet at the Orpheum theatre; Herbert Peak, superintendent.
